---

## Education

---

### Massachusetts Institute of Technology

Cambridge, MA

*S.B. in Computer Science and Engineering*

*June 2015*

- ◆ Coursework: Algorithms, Software Construction, Computer Systems Engineering, Computation Structures, Artificial Intelligence, Computer Security, Web Programming, Computational Photography

## Experience

---

### Integral Ad Science

New York, NY

*Software Engineer*

*Nov 2015 - Present*

- ◆ Worked on a small agile team developing and testing a wide range of video ad solutions from html5 video player ad integrations to others.
- ◆ Collaborated with several different teams across all components of a range of ad software solutions to fix any issues and optimize performance.
- ◆ Developed bot detection algorithms and other solutions for ad fraud prevention.

### La Caixa

Barcelona, Spain

*Software Analyst*

*Jun 2014 - Aug 2014*

- ◆ Tested and analyzed potential security software to identify optimal solution in detecting real-time robot intrusion.
- ◆ Researched multiple cross-platform development software to find most efficient app implementation solution.

### XPO Logistics

Cambridge, MA

*Software Development Intern*

*Jan 2014 - Feb 2014*

- ◆ Improved UI and usability of Freight Optimizer website through CSS and Javascript programming

### Qualcomm

San Diego, CA

*Software Development Intern*

*Jun 2013 - Aug 2013*

- ◆ Built Python GUI tool that expedites the creation of software change requests through API calls and sophisticated data manipulation.
- ◆ Implemented enhanced data analysis features of a Data Miner in C that improves the accuracy of RF software implementations.

### Labatt Food Service

San Antonio, TX

*Software Development Intern*

*Jun 2012 - Aug 2012*

- ◆ Built web application using ASP.NET to analyze data, determine key limitations of forecast system, and develop algorithmic hypotheses.
- ◆ Implemented forecasting algorithms in VB.NET to accurately predict product demand and overcome pitfalls of previous system.

## Skills/Interests

---

<b>Technical:</b>	Javascript, Python, Swift, Java, C++, VB.NET, iOS/Android, Node.js, PHP, HTML, CSS, Angular.js, MongoDB, MATLAB, L <sup>A</sup> T <sub>E</sub> X
<b>Academic:</b>	Web Development, Computer Security, Mobile Development
<b>Language:</b>	Fluent in English, Spanish, and Portuguese
<b>Extracurricular:</b>	Theta Chi Fraternity, Relay For Life, Soccer
